

**It's worth  
making sure.**

**Check your super  
for free.**

If you or your partner have had to stop work because of injury, illness or any medical condition, you may be able to make a super claim.

Most superannuation funds have insurance that covers you for a TPD lump sum payout, which can help ease financial pressures if you have stopped working. It doesn't matter how you got sick, or whether your injury was work related.
